Vitrified Compact Surfaces

# Forward thinking, environmentally conscious design

Zenith Surfaces emerges as a paradigm shift in surface materials, leveraging a ground-breaking Vitriified Compact Surface (VCS) technology. An advanced manufacturing process helping Zenith Surfaces transcend conventional limitations, boasting exceptional strength, durability, scratch resistance, and heat resistance.

## Containing up to 89% recycled materials

Using a unique recycled glass make-up and featuring up to 89% recycled materials, Zenith Surfaces is transforming design with a purpose. Helping to minimise environmental impact and promoting resource conservation at the same time.

## Offering exceptional performance and strength

Zenith Surfaces exhibits excellent compressive and flexural strength, exceeding granite and marble benchmarks. Its resistance to scratches and stains simplifies maintenance, while its impressive thermal resistance renders it highly resistant to everyday kitchen heat.

### Spill Resistant

Thanks to high spill resistance technology, cleaning up those small marks and stubborn spots is a breeze with Zenith Surfaces.

### Stain Resistant

A near care-free surface that doesn't require any sealing or ongoing treatments making it ideal for any internal application.

### Environmentally Friendly

With recycled ingredients and a sustainable design ethos, Zenith Surfaces truly is a decorative material with purpose.

### Heat Resistant

Heat resistance mean Zenith Surfaces is ideal for internal applications like benchtops and Splashbacks.

### Scratch Resistant

Zenith Surfaces contains impressive scratch resistant properties, perfect for whatever life can throw at it.

### 25 Year Warranty

Covered by our 25 year warranty, you can rest assured that your Zenith Surfaces product will remain beautiful for many years to come.

# Surface Studio

Visualising your Benchtop and Splashback - **Made Simple**

Stone Ambassador is proud to introduce a new way to experience our decorative surfaces, one that brings imagination closer to reality.

Surface Studio allows you to see our surfaces within your own space, before a single decision is made. With a simple upload, your space becomes a canvas.

## What becomes possible with Surface Studio?

Visualise Surfaces in Your **Own Space**

With Surface Studio, you can immerse yourself in your own space by uploading a photo and seamlessly applying Stone Ambassador decorative surfaces to your kitchen or bathroom. Visualise each finish with precision, understanding how materiality, tone, and texture come together within your environment. Explore a curated selection of preset interiors, or move through a series of refined kitchen and bathroom settings designed to inspire. To complete the composition, Surface Studio allows you to adjust cabinetry and flooring, enabling a considered, cohesive design outcome tailored entirely to your vision

View surfaces at full slab scale and explore their natural tones, patterns, and veining up close. Zoom in, change angles, and adjust lighting between daylight and evening to see how our surfaces will appear in your space.

Whether you're shaping a new home or refining a single surface, Surface Studio empowers you to choose with certainty, knowing the result will feel right.
